How did you find out about PetFix?

How did you become to be in possession of the cat?

**Current prices:** males \$50 / females \$85-95 (if pregnant, price is \$95)

Which vets do you currently use?

**Disclaimer:** Pet Fix only aids with the initial cost of desexing – any subsequent vet visits are not the responsibility of Pet Fix. Pet Fix reserves the right to deny any application.

We are currently using Mosgiel Veterinary Services for all our desexing. It is the responsibility of the owner to organise or provide transport to and from the vet clinic.
